

3. Payment Methods

Accepted Payment Methods:

- Credit Cards: List the credit cards you accept (e.g., Visa, Mastercard, American Express).
- Debit Cards: Specify if you accept debit cards and which networks they should belong to (e.g., Visa Debit, Mastercard Debit).
- Online Payment Platforms: Include any online payment platforms you support (e.g., PayPal, Stripe).
- Alternative Payment Methods: Mention any alternative payment methods you accept (e.g., Apple Pay, Google Pay, cryptocurrencies).

Security Measures:

- Payment Security: Explain the measures you take to ensure the security of customer payment information.
- SSL Encryption: Mention if you use SSL encryption to secure online transactions.
- PCI Compliance: State whether you are PCI compliant and how it benefits customers.
